

Anahita Kakhani is a Master's student in the Civil and Environmental Engineering Department at Rowan University. Currently, she is working on two projects funded by the New Jersey Department of Transportation (NJDOT) as a research assistant focusing on pedestrian and bicyclist safety. Anahita has been named to the Dean's list of Rowan University in reflection on her academic success. She completed her bachelor of civil engineering at the Urmia University of Technology as the top student in the class.
