October 19, 2023
November 9, 2023

Time: 8:30 AM – 11:30 AM

Location: CAIT Computer Lab
100 Brett Road
Piscataway, NJ 08854

Fee: Free

Questions? For further details about the workshop, please contact: Joseph Weiss at Joseph.Weiss@njoag.gov

Description: The New Jersey Division of Highway Traffic Safety is hosting three training sessions for the Crash Analysis Tool.

The training will provide a walkthrough of the Crash Analysis Tool and its applications. During the 3-hour window, attendees will learn about the Crash Query and Network Screening Applications with an overview of their features. Users will learn how to filter for crash criteria, customize metrics and to create summarization, comparison, and over-representation reports. The class will walk through specific examples on how to utilize crash data for program evaluation and hot-spot identification.

This is an interactive class and active participation is encouraged. The class is limited to 20 persons on a first-come-first-serve basis.

Instructors: Joseph Weiss, New Jersey Division of Highway Traffic Safety

Sponsors: New Jersey Division of Highway Traffic Safety
