

New Jersey Department of Transportation

28th ANNUAL RESEARCH SHOWCASE CALL FOR POSTERS

The New Jersey Department of Transportation (NJDOT) Bureau of Research and Innovation invite you to display posters on research related to transportation at the 28th Annual Research Showcase (scheduled for October 28, 2026, at The Conference Center at Mercer County Community College in West Windsor, NJ).

We welcome you to display transportation related projects that are completed or substantially completed research studies.

These do not have to be projects funded by the NJDOT. The poster displays must be on site and set up between 8:00 am and 8:30 am on the morning of the event and will be on display all day.

Please submit your poster session topics to be considered to Janet Leli at jleli@soe.rutgers.edu no later than September 17, 2026, with the following information in an email or Word file only. Do not send an abstract or PDF.

1. Poster title
2. All students (no faculty, please) names affiliated with the poster
3. Affiliated academic institution (i.e. NJIT, Rowan, Rutgers, Stevens)
4. The theme this year is "*The Road Ahead: AI and the Future of Transportation*"; while AI/digital transformation related projects are preferred, it is not required. Specify which topical area your poster best aligns: Infrastructure, Safety, or Digital Transformation.
5. Provide ONE name and email address for the person who will serve as the point of contact for the poster and event details.

For consideration for the "Best Poster Award", **NJDOT will require a PDF of your poster by October 9, 2026.**

Posters should arrive ready for display. An easel will be provided; however, poster board will not be provided at the event. Please bring mounted to poster board or bring clips to attach to your own poster board. Thank you for your interest and participation in the NJDOT Research Program.
